## **MILESTONE ACHIEVED**

### **CONVERSION TO PRIVATE LIMITED**

It's a matter of pride that Infimind Institute, owing to its growth, is no more a Limited Liability Partnership, but has been registered with the Ministry of Corporate Affairs as a Private Limited Company. While we have received our Certificate of Incorporation, and PAN number, we are in the process of receiving our updated GST number. We are also working on updating our profile with various other registrations and accreditations.

**INFIMIND INSTITUTE OF  
SKILL DEVELOPMENT PVT. LTD.**

**COLLABORATING COGNIZANCE**  
**PRESIDENCY COLLEGE OF HOTEL MANAGEMENT**

So, it's just another normal day at work, when the landline phone rings at around 3 PM. Guess what? It's Presidency College of Hospitality Management, and they want to tie up with Infimind Institute!

Presidency College, in association with Institute of Hotel Management and the Department of Tourism, Government of Karnataka, conducts training courses in the fields of Front Office Management, Food and Beverage Services, and Housekeeping Services. All courses are conducted over a period of 2-3 months, and include on-the-job trainings. The course being sponsored by the Government of Karnataka, does not require the students to pay any fee. Post completion of the training, candidates are given a certificate from the Government, and IHM, Bangalore, along with a stipend for their on-the-job training. An icing on the cake, all candidates are also given placement assistance.

The drawbacks? The course is only for those domiciled in Karnataka, and aged between 18 and 28 years.

Infimind Institute was able to rope in over 30 students, and the course was slated to start in the last week March – right after 2nd PUC exams (given that most students were giving their exams). However, due to the global health crisis, and education institutes instructed to not conduct any trainings, the training has had to be currently re-scheduled until further notice from the Government.

## SKILLING YOU

Skilling You is a training institute, based out of New Delhi that provides training to students interested to pursue a career in the Banking sector. Skilling You reached out to Infimind Institute to take up a franchise. However, since undertaking a franchise would negatively impact Infimind's identity, the two companies are on talks to mutually benefit from a collaboration where **Infimind** will conduct the courses under Infimind's banner, and Skilling You will provide the faculty for Infimind to conduct the banking courses, all on a revenue-sharing basis, apart from marketing support.

## Eduvanz

Eduvanz is a NBFC headquartered in Mumbai, who are in the business of providing interest free to students pursuing education, including vocational training. Since we received a couple of requests for financing options for our AI and ML Courses, we approached Eduvanz. After initial paperwork followed by their visit to our facility, they agreed to finance the students who were desirous of taking up our courses. Though initially, the focus was on AI and ML, it has now been extended to all courses offered by us.
